

SAVE THE ENVIRONMENT
SO AIR POLLUTION CAN BE FREE!

Did you know?
That we have to take steps to improve your health and our planet.

We need to get rid of pollution.

There are 5 types of pollution

- Air Pollution
- Noise Pollution
- Water Pollution
- Light Pollution
- Soil Pollution

Our ~~world~~ world

needs air!

Cars need to stay at home before we do public transport.

Take care of our planet Earth and save the world so we can free air pollution.

Walk or
Wheel this
day

Leave your
car at
home
today!

Take
care
of your
mental
health!

Don't
turn
your
chimney
on!

WE ALL
DESERVE CLEAN AIR

The PLUS + And MINUS - for clean Air

+ Use Renewable Energy

+ Get Active
walk or cycle around:

+ The 3 R's
Reuse
Reduce
Recycle

+ Create
Awards

- Pollution from Industries

- Pollution from cars

- Burning of Fossil Fuels

Clean AIR

HELP YOURSELF

To prevent lung problems, don't smoke, exercise regularly, eat healthy and try to keep the air in your house clean.

DEADLY EFFECTS

Being exposed to dirty air increases the risk of lung infections and cancer.

Short and long term association with air pollutants have severe health impacts.

NO IDLING

We shouldn't idle at all, especially not at school. Kids breathe in the air pollutants and traffic fumes worsen the effects of asthma.

ACTIVE TRAVEL

If your home is a walkable distance from school walk! Only drive and buses if necessary. This is for the good of the earth and your health. Take care of your own health!
